ADMISSIONS

California

EDUCATION

University of California, Hastings
 College of the Law (JD, 1985),
Order of the Coif. Hastings
 International Law Review,
 Thurston Honor Society

Miami University (Bachelor of
 Arts, 1982)

Mr. Lindsay has litigated or arbitrated all of the issues that traditionally arise in construction disputes, including delay and disruption, incomplete or defective design, extra and defective work claims, differing site conditions, inadequate and uncoordinated project management, rejection and repair of nonconforming work, terminations for default and convenience, lien and bond issues, and post-completion warranty issues. Mr. Lindsay has also prepared and negotiated all types of construction contracts, design-build agreements, joint venture agreements, consortium and partnering agreements, and guaranty contracts.

REPRESENTATIVE MATTERS

- *H.C. Price v. Golden Valley Electric Association*. Trial counsel in arbitration arising out of termination for default by utility company of EPC contractor on project to construct a power generating facility in Alaska.
- *Bechtel Power Corp. v. Intergen*. Lead counsel for Bechtel in respect of claims relating to construction of coal-fired electrical generating facility in Fujian province in Peoples Republic of China.
- *National Cement Company v. Bechtel Corp.* Lead counsel in construction dispute arising out of a modernization project at a manufacturing facility.
- *Bechtel Corp. v. BASF*. Lead counsel for the EPC contractor with respect to significant delay and extra work claims arising out of a project to design and build a chemical manufacturing facility in Malaysia.
- *Weyerhaeuser*. Trial counsel for an international building materials manufacturer in numerous product liability and breach of warranty cases.
