

Phillip Price

Associate

Phillip Price is an associate in the Houston office of Howrey. His practice focuses primarily on intellectual property law where he specializes in electrical engineering matters. Mr. Price's experience involves patent litigation, patent prosecution, and trademark domain name disputes. He has also participated in insurance and civil rights litigations.

As an undergraduate, Mr. Price participated in drafting suggested guidelines for lightning protection at chemical storage facilities at the request of the American Petroleum Institute (API). Mr. Price's technical background is in electrical engineering.
